<b>Additional Comments :</b> Met with B. J. Billante, Operations Administrator. Of the 10 roll offs (R/O) onsite, only three were labeled as Oily Contact Media; two of these were empty and one contained bags of pom-poms and sorbent boom. Davis and Shaw collected samples of sorbent boom from R/O number RT1802. The three R/O labeled as Oily Contact Material were on plastic and surrounded by sorbent boom. No concerns regarding waste management practices were noted during the visit.
